

Natural Therapies

This fully accredited course deals with various complementary treatments, some of which are quite unique to this country. Some are a combination of practical and theory classes and all offer academically rigorous training to ensure the excellency of our students. Please see below for short description of each course or follow links to the right for more information.

Natural Health Practitioner's Diploma

This challenging and comprehensive course is the only one of its kind in the country. The fully accredited qualification allows you to offer the best possible combination of treatments to your clients, as you are trained to full professional competence in a number of interrelated disciplines. The versatility gained during the training, frees you from the limitations of being able to offer only one therapy. [Read More](#)

Aromatherapy Practitioner's Diploma

At Raworth, we are passionate about aromatherapy and our comprehensive, academically rigorous training reflects this passion. Raworth continues to be in the forefront of accredited aromatherapy training and is committed to teaching to the highest standards of excellence. All course material is updated to reflect current aromatherapy thinking and research. [Read More](#)

Reflexology Practitioner's Diploma

This Raworth fully accredited course offers the very best mixture of practical and theory classes, which allow you to develop excellent techniques and skills in reflexology. There is a strong emphasis on the holistic approach to treatment and the importance of client handling skills (with invaluable help from a core module in counselling skills). [Read More](#)

Foundation Course in Systematic Kinesiology

Muscle testing techniques enable practitioners in a range of healthcare modalities to detect and correct energetic imbalances. The specification for this course is followed by the School of Advanced Kinesiology and works with the BEES framework. [Read More](#)
