

Homeopathy - First Aid Remedies

This two day course will provide you with a basic knowledge of homeopathic first aid remedies to treat acute illnesses (for personal use). You will learn the principles of homeopathy and how to apply them when prescribing remedies. Just over 40 remedies will be taught, some in more depth than others. A first aid remedy kit can be purchased at a reduced price, this contains all of the remedies covered on the course and a small book to help you in the future.

Course overview:

- What is homeopathy?

Including:

Who founded it?

Where the remedies come from

- Potencies and frequency of prescribing
- An outline of what each remedy can treat
- Choosing a remedy
- Symptoms
- Examples of cases treated with acute remedies.

Tutor

Gabrielle Deeble LCPH MARH has been a qualified homeopath for over six years and has been practising at the Raworth for nearly two years. Before joining the Raworth she had her own complementary practice near Dorking.
